

[Bpm Analyzer Foobar](#)

[Bpm Analyzer Foobar](#)

There is also a foobar2000 BPM analyzer add-on. I am only just getting into BPM I never used to bother with it I see that there have been a number of requests over the years for MediaMonkey BPM integration.

spectrum analyzer foobar2000

spectrum analyzer foobar2000, bpm analyzer foobar, tau analyzer foobar, foobar2000 analyzer

tau analyzer foobar
