Good day friends, i started playing OW this days, and ended loving play with Doomfist.. First and already told, the Hand Canon:

On a short-middle distance Doomfist shoot its, one target only, dealing 90 dmg per hit at 1 atks per sec.. Malganis Dark Conversion with level 20 upgrade HP swap from 1 HP to full HP full souls Diablo with Alextraza Blessing of the Red.. Basic attacks– Doomfist on OW have the Hand Canon for his primary attack, but in Heroes i'd like to make it in 2 ways.. In a melee distance, its punch with the gauntlet dealing 250 dmg, at 0,75 atks per sec.. Maybe this can generate a little stun of 0,25 on impact, and a air time of 1 sec. ae05505a44 [Marathi Dabalbari Bhajan](#)
